

## PATENT

REMARKS

This paper is responsive to the Advisory Action dated August 5, 2005 and supplemental to the response filed on July 26, 2005 responsive to a Final Office Action dated May 5, 2005. Claims 1, 3-13, 15, 18, 20-23, 26-29, 34 and 36-42 were examined. Claims 1, 3-5, 7-13, 15, 18, 20-23, 26-29, 34, and 36-39 are rejected under 35 U.S.C. §102(e) as being anticipated by U.S. Patent No. 6,172,611 issued to Hussain et al. (hereinafter "Hussain"). Applicants appreciate that claims 6, and 40-42 were indicated as containing allowable subject matter.

Claim 1 has been placed in condition for allowance by incorporating the subject matter indicated as allowable in claim 42. Accordingly, applicants believe that claim 1 and all claims dependent thereon (claims 3 and 5-12) are in condition for allowance.

Claim 40 has been put in independent form. Accordingly, applicants believe that claim 40 and 41 are in condition for allowance.

All other claims have been canceled.

Applicants note that the Advisory action indicated that the amendments made in response to the final rejection were not entered but believe the failure to enter those amendments was incorrect as it placed all claims in condition for allowance except for claims 4, 20, and 23, and canceled a number of claims, thereby simplifying issues for appeal. By way of the present amendment claims 4, 20, and 23 are also being canceled, thereby placing all claims in condition for allowance.

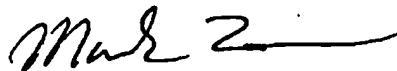

Entry of the amendment is respectfully requested as it is believed to place the case in condition for allowance and a Notice of Allowance to that effect is respectfully solicited. Nonetheless, if any issues remain that could be more efficiently handled by telephone, the Examiner is requested to call the undersigned at the number listed below.
